Note

The Village School Fund Budget as proposed by the I G of Educ[n] provides for an expenditure of 241,180 Rs as against receipts estimated at 233 244 Rs[x] With the exception of about 10000 Rs, new buildings, the balance of 231000 Rs will become practically permanent charge if the proposals of the I. G are sanctioned The charges are already too high being very nearly equal to the receipts The 2¼ per cent of the local cesses is the principal item that feeds the fund It is not safe to base our calculations on the actuals of 1894 which was a particularly prosperous year as regards all items[x] Contributing local cesses and particularly so as regards Sayer and Minor Forest Produce

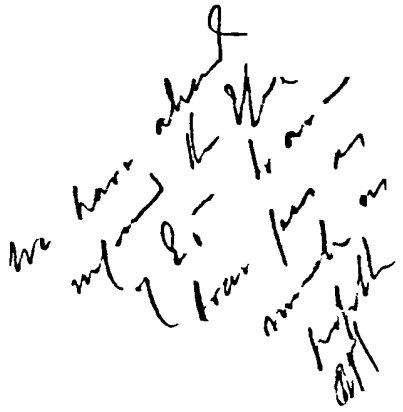
Expenditure

I Instruction (1) Anglo Vernacular Schools — The increase of Rs 1812 under this head is due to the transfer of the Schools at Tyanti and Sargur from Taluk Branch Schools to the Anglo Vernacular Schools, and to the transfer of certain Masters from the Hobli Schools to the Anglo-Vernacular Schools The transfer of masters from one Class of School to another with different — Salaries is likely to cause great Confusion and much many alterations Under Budget Heads The practice deserves to be discouraged as far as possible



Similarly under (2) Taluk Branch Schools, there is a decrease of Rs 1392 owing to the transfer of schools at Tyanti and Sargur from this head to the Anglo-Vernacular schools and to the transfer of certain Masters and peons from the Hobli Schools,

(6)

The provision required for Hobli schools is 420 Rs less than that of the previous year owing to the transfer of masters and posts from this head to the Anglo-Vernacular and Taluk Branch Schools

II Grants-in-aid Under this head last years provision of Rs 3300 is repeated

III Special Instruction The increase of Rs 120 under this head is due to the periodical increments earned by the Head master, Normal school, Alleppore

This must be a error allowed

IV General - Under this head the provision for buildings which was put down at Rs 13000 is reduced to the usual grant of Rs 500, in consequence of which there is a decrease of Rs 8000

V Local Examinations Under this Head last years provision Rs 7696 is repeated

SIR,

I have the honour to forward herewith an Ittole No 1832 dated 10th April 1895 bearing this Office Regr No 8859 from the Amildar of Honnali The Amildar sends a copy of a resolution passed in a meeting of the Municipal Board of Nyamti held on the 21st March 1895 by which the Board promises to pay one-fourth the cost of English instruction in the Taluk Branch School of Nyamti if one or more English teachers are added to the staff of the School

2 By Proceedings Camp No 11-20-L F 116-93 dated 12 October 1894 a contribution of Rs 270 a year was ordered to be paid towards the cost of Vernacular Schools in

Nyamute out of the moiety of Mohatarfa and House-tax amounting to Rs 1071 which was transferred to the municipality of Nyamute The cost of maintaining English classes upto the Lower Secondary Standard is estimated at 40 Rs a month, half of which should be recovered from fees I would recommend that the Nyamute Board may be ordered to contribute Rs 120 a year in addition to the Rs 270 it contributes at present to the Village School Fund, and that English Classes may be opened in connection with the Nyamute Taluk Branch School, the cost of the classes being provided in the Local Fund Budget

Sir,

With reference to para 2 of Government Proceedings No 2348 / Ed 43 dated the 14th August 18[9]5 drawing my attention to paras 4 and 5 of Proceedings No 11-20 / Ed 116-93 dated the 12th October 1894 of and calling for a report on the points therein referred to, I have the honour to state that with a view to carry out the intention of Government expressed in para 4 of the order I provided Rs 6312 for opening new Village Schools and Rs 2400 for granting aid to Indigenous Schools and eight Schools in the Budget for 1894-95 Fifty-eight new Government Village Schools were opened in villages where the want of a school was much felt by the people, during 1894 at an annual cost of Rs 5150- The remainder of the provision made for the purpose of opening new schools was utilised for the purpose of

Includes saving Rs 12082
Village School Grant 3238
15320
included saving for new schools and grant in aid

strengthening the teaching staff of the existing schools and granting slight increases of pay to a few teachers - The provision of Rs 2,400 made in the Budget for the grants in aid of Indigenous Schools and Night Schools was left wholly unutilized as the rules for the grants in aid of Indigenous Schools which were expected to be sanctioned in October 1894 were not sanctioned till April 1895

2 The provision of Rs 2400 which was made in the Budget for 1894-95 for the grants in aid of schools is continued in the current year's Budget Besides these aided Indigenous Schools, I have proposed in my memorandum on the Village School Fund Budget for 1895-96 the establishment of 82 Government Village Schools which will cost Rs 7692 a year

Unutilized Rs 2400
Rs 7692

3 It will be thus seen that whereas Order Comp No 11-20 / L-F 116-93 dated the 12th October 1894 sanctioned municipal contributions amounting to Rs 15,320, if my proposals for new Village Schools in the Budget for 1895-96 are sanctioned, the total increase of expenditure under the heads of Village Schools and grants in aid of Indigenous Schools since October 1894 will be Rs 16404 - The details of the increase of

expenditure are as follow +2

1894-95

New Village Schools,

Sir

With reference to para 2 of order No. Ed. dated 14th August 1895 and in continuation my letter No 2954/106 dated the 6th Instant, have the honour to inform you that on the December 1894 I submitted to Government a Memorandum on the subject of proposed contributions towards the cost of English and Vernacular education from Municipalities enjoying the whole of the Mohatarfa As no orders have been passed on that Memorandum I beg to enclose a copy of it herewith, along with revised statements A & B The principle

on which the contributions on account of English Instruction are calculated is that a Municipality should pay one-fourth the cost of such instruction except in those cases in which the total amount of fees exceeds one-half the cost of instruction In such cases the Municipalities are given the benefit of the excess, which is deducted from the one-fourth cost they have to contribute. The Government on the other hand invariably bear one-fourth of the cost and sometimes even more. As regards Vernacular Instruction the principle adopted in Order Camp No 11 — 20 - L F 116 — 93 dated 12th October 1894 is that the Municipalities should contribute one-eighth of the House and Mohatarfa Collections enjoyed by them

irrespective of the actual cost of Vernacular instruction. This principle has been adopted in recommendations made in statements A and B enclosed herewith. A copy of Order C No 30 ~~25~~, Educational, dated 2nd March 1894 is put up herewith.

Education Secretary's Memo on certain Municipalities that do not contribute anything towards the cost of Middle and Primary English or Vernacular Schools situated within municp limits

Dated 1 December 1894

Submitted for orders

In accordance with para 2 of Order C No 309-25, Educational, dated 2nd March 1894, twenty-seven municipalities pay a fixed contribution towards the cost of English Middle Schools situated within their limits The Municipalities of Channapatna, Chikballapur, and Shimoga however do not bear any share of the cost of English Instruction, the English schools within the limits of these municipalities being maintained from Provincial Funds. In the above order which is appended for reference it is stated that separate orders will be passed about the contributions of these municipalities By Order Camp No 11-20-Z Fs 116-93 dated 12th October 1894 a copy of which is also appended the municipalities of Channapatna and Chikballapur contribute Rs 500 and Rs 590 respectively towards the cost of Vernacular Primary and Middle Schools within their limits The Shimoga Municipality however contributes nothing to the cost of either English or Vernacular Schools. I append a statement marked A 1/11/95 'L

showing the cost of English and Vernacular Schools
2 6 in Channapatna, Chikballapur and Shimoga,
and submit that Government maybe pleased
To Mr to order what amounts the municipalities of
Channapatna and Chikballapur should pay
towards the cost of Vernacular* Schools from the
~~Mohatarfa~~ income enjoyed by them, and what amounts
the municipality of Shimoga should pay towards
the cost of both English and Vernacular Schools

In para 5 of Order Comp No 11-20-L.F.116-93
dated 12th October 1894 it is stated that "on
principle, other municipalities which already
enjoy the full Mohatarfa, should also contribute
towards the cost of their Vernacular Schools and
that separate orders will be issued on the subject"
I have prepared a statement marked B showing the cost of Vernacular Primary and Middle Schools within the limits of those municipalities that have been enjoying the full amount of the Mohatarfa but have not been contributing anything towards the cost of the Vernacular Schools Some of these municipalities however are contributing fixed sums towards the cost of Anglo-Vernacular Schools They are the municipalities of Tiptur, Hunsur, Seringapatam, Tarikere, Davangere, Harihara, and Birur But the municipalities of Kolar, Tumkur, Hassan, Chikmagalur and Chitaldrug, all of them rich municipalities at headquarters of Districts

have not been paying anything towards the cost of either English or Vernacular Schools At these stations High Schools containing Middle and Primary Departments are now maintained wholly from the Provincial Funds I submit that Government may be pleased to order what amounts the municipalities enjoying the full collections of the Mohatarfa should contribute to the cost of Vernacular or English Schools within their limits

3 From the statements appended it will be seen that nineteen of the municipalities concerned are at the headquarters of Taluks where the schools are maintained from the Provincial Funds The contributions that these municipalities may be ordered to pay may be credited to the Provincial Funds and used for the opening of Girls' Schools or English Classes at other Taluk headquarters where these are wanting Similarly the contributions of the municipalities of Berur and Sravan-belgola which are not the headquarters of Taluks may be credited to the Local Funds and used for opening new village schools

to the Government of Mysore

~~Sir~~

With reference to Government Proceedings No 6115 Ed 160 dated the 18th November 1895 calling for explanation of certain items of increase in the Budget of the Village School Fund for 1895-96 I have the honour to inform you that since the commencement of the current official year no changes have been made entailing increase of expenditure under any head of the Budget As regards the items of increase pointed out in Column 5 of the abstract given under the 1st para of the above Proceedings I beg to state that with the exception of a yearly increase of Rs 21 there have been no increases and the apparent increases are due to the distribution under appropriate heads of the sum of Rs 5007 which is the cost of schools transferred from the Provincial Funds Budget to the Village School Funds Budget by Order No 113 dated the 19th December 1894, and

not available
Colony Amt

also to the distribution of the sum of Rs 6312 provided for new Schools in the same Budget

2 The increase of Rs 1584 Under Anglo-Vernacular Schools is due to the transference to that head of the Charges of Kannada Schools at Birur and Sarjapur which have been transferred to the Village School Fund and which form a part of the sum of Rs 5007 above referred to, and partly to the appointment of additional hands and increases of pay sanchoned out of the provision for new schools

3 The increase of Rs 4140 Under the head of Taluk Branch Schools is similarly caused by the transference to that head of the provision for the Vernacular Schools at Sargur, Banavar, Grama, Nagar, Nyamti and Hole-Honnur, which is included in the sum of Rs 5007 referred to above and by the new hands and increases sanchoned for these Schools, out of the provision for new schools.

4 The increase Under Hobli Schools is due to the opening of 58 new schools at a cost of Rs 5148 and to the employment of new hands and the sanchoning of increases of pay to deserving masters.

5 The three items of increase referred to above amount together to Rs 11340 and the aggregate provision for schools transferred to the Village School Fund and new schools amounts to Rs 11319 The excess to be accounted for is therefore Rs 21 a year which is probably due to some error in calculating the charges

the schools transferred from the Provincial the Local Funds

6 Of the increase under the Normal

School Rs 50 was sanctioned for reference books
for the School by Order C No 153 dated the 9th
February 1895 and Rs 480 is due to the amount of
increment earned by the Head Master and
to the higher rates of pay granted to the Assistants
of the School in Proceedings No 129 (Educational)
dated the 13th December 1894

7 The details of the lump sum of Rs 4800,
provided for Anglo-vernacular Schools for the
official year 1894–95 are given as required

8 The papers returned with the Order
under reference are resubmitted for favour
of early Orders by parcel post

With reference to Govt Proceedings No [illegible] Sanctioning the Village School Fund Budget Estimates for 1895-96, the Undersigned has the honor to communicate the following remarks for the information and guidance of the Inspector of Schools.

A sum falling short of the amount called for on Rs 101 17 as per Estimate No 6115/2160 was granted in reduction pounded on the abo

The Village School Fund Budget for 1895-96 was sanctioned in Govt Proceedings No 8516-7/2289 dt 23/1/96 and the following explanatory remarks are communicated to the Inspector for his information & guidance

The Village School Fund Budget Estimates for the year 1895-96 with explanatory statements and a memorandum showing additional expenditure proposed by the Inspector General in his letter dated 29th October 1895 [illegible]

(2) Letter dated 7 [illegible] 1895 [illegible] from the Inspector-General of [illegible]

(3) [illegible] from [illegible] dt 3529/11

(4) Order thereon [illegible] 131 1/3

The estimated receipt under the Village School Fund for 1895-96 are given below, as compared with the actual and estimated for the years preceding —

	Details	Actuals of 1894-95	Sanctioned Estimate for 1894-95	Proposed estimate for 1895-96
I	24 per cent of local cess	210093	20000	208000
II	Schooling fees	3186	4000	1,500
III	Examination fees	4930	5560	6500
IV	Interest on Investments	12721	7000	7000
V	Contributions from Municipal funds	4078	4199	4414
VI	Other items	832		
	Total	235840	220759	230414

2) I 24 per cent of local cess

The actuals of 1894-95 under this head amounted to Rs 210093, but the Inspector General anticipates a decrease of Rs 2000, on the ground that the land revenue estimated for 1895-96 is 2 lacs less than that of the previous year. It is observed that the estimate under "Land revenue", as entered in the Local Budget, is Rs 9350000 for the current

	Actuals 1893-94	Estimate 1895-96
1 La d Revenue	9440100	9350000
2 Excise	3000600	3150000
3 Sayer	348000	385000
	12788700	12885000

current year, than for the previous year by Rs 9390000 Moreover the items of revenue, which control the towards the Fund are, in the aggregate, estimated at a higher figure than in the previous year as shewn in the margin ⊗ There is therefore nothing to apprehend a great falling off in the receipts The estimate will therefore, be raised to Rs 210000, which nearly corresponds with the actuals of 1894-95

(3) II School of fees Owing to the transfer of certain Anglo Vernacular schools to the Budget more fees are expected during 1895-9. than in the previous years The proposed estimate is, therefore, approved

(4) III Examination fees The Inspector General reports that, under this head, Rs 6241 has been already realized and remitted

remitted to the Treasury and that the current year's estimate may be put down at Rs 6500 The forecast is accepted

(5) IV Interest on Investment The actual amount of interest realized in 1894–95 is given as Rs 12721, but it is not explained why the estimate for 1895–96 is so low as Rs 7000 Pending further information on this point, the estimate will not be disturbed

V Contributions The estimate under this head, which is approved does not include Rs 90, on account of schools at Alur to be transferred to the State Funds Budget under Government Proceedings dated 9th November 1894 No C 113, but includes Rs 1286 on account of the marginally noted items

(1) Contributions on account of Schools in Grama Sungapur Kolaga under Govt Order 191 94 etc 113
(2) Do of English classes in Melkote Bermur Tyamagondlu under Govt Order 12/3/94 etc 3025
(3) Grant paid by the Mission to the Communal school

The estimated income as now sanctioned comes up to 232 414, Adding to this the balance in favor of the Village

uding investment of Rs 20 000 in
ernment Securities

96

Village school fund viz Rs 2 61 182
the sum available for expenditure
during 1895 96 amounts to Rs 4 93 596
Out of this sum, Rs ~~2 00 000~~ 2 41 596 as
~~proposed~~ noted in the following

I Instruction The 37

provision made in the budget on account of -

1 Anglo-Vernacular Schools
2 Taluk Branch Schools
3 Hobli Schools,

will be passed subject to the submission of an accompanying form of a statement shewing the establishments & Salary of establishments maintained in each School

~~In respect of the two Anglo Vernacular Schools~~

(9) The provision made for two Anglo Vernacular schools proposed to be opened in Nyamti and Sarageri at a cost of Rs 480 will be retained but no contribution can be expected from Municipal Funds towards their cost (Vide Proceedings No 20267-9 dated 28th May 1894 EF 252-93)

(10) The Inspector General proposes to open new vernacular schools at an aggregate cost of Rs 7212 The provision made for the same will be

38

(8) II Grant-in-aid - The provision under this head, Rs 240 on account of village vernacular schools is stated to have remained unutilized during 1894-95 and the same repeated in the present budget, while according to the detailed estimate furnished the cost of the schools is given as Rs 1277-8-0 It should be explained how much of this is on account of vernacular schools and how much for night schools and how much for Pandits etc. in the estimate should not be taken to be Cattle expenditure

(9) III Special Instruction

3960 on account of establishment
5400 " Stipends
9360

The Director of Public Instruction requests a supplemental grant of Rs 9360 for opening three District High Schools at Kolar, Tumkur and Shimoga The provision as well increases etc (Rs 1764) proposed the existing Normal School

at Meypore will be retained on
the budget, but the Amounts
should not be obliged till
Separate orders are passed
by Govt on the Inspector Gl's
Memo on the Subject

60

(5) IV General The decrease under this head is due to no provision having been made in the present budget for the Special Grant of Rs 13000 Sanctioned in 1894-95 on account of buildings The budget provides Rs 5000 for buildings in the current year, while according to the detailed list of works submitted by the Inspector Gl, the total Amount required is given as Rs 17,596 As more than 6 months of the year, to which the budget relates, have already elapsed, the Govt consider that an estimate of Rs 4001 for new works and Rs 1,670 for Minor works in addition to Rs 7330 required for incomplete works and works Sanctioned already in 1895-96 would be ample The estimate will therefore be ~~Hundred~~ Rs 13000

(1) Incomplete work	Rs 1270
(2) Works Sanctioned in 1895-96	Rs 960
(3) New works required	7261
(4) Minor work-	3000
Total	Rs 17,596

4 | (14) The increases and new hands proposed at an annual cost of Rs 6304 583 392 should form the subject of separate communication on receipt of which the Inspector Generals proposals will be duly considered As it is of the highest importance that the annual budgets should be reviewed and issued before the commencement of the year to which they relate no item not previously sanctioned by the Govt should be included in the annual budgets which should only exhibit correct estimates of the sanctioned scale of establishment and other authorized charges

On receipt of the information and details called for orders will be passed on the proposed estimate of expn

ORDER THEREON —The Village School Fund Budget for 1895-96 was sanctioned in Government Proceedings No 8914 5—Ed 229 dated 23rd January 1896 The following explanatory remarks are communicated to the Inspector General of Education for his information and guidance

The estimated receipts under the Village School Fund for 1895-96 are given below as compared with the actuals and sanctioned estimate for the year preceding —

Item	Detail	Actual of 1894-95	Sanctioned estimate for 1894-95	Proposed estimate for 1895-96
		R	R	R
I	Twenty four per cent of land cess	2 10 093	2 00 000	2 08 000
II	Schooling fees	3 186	4 000	4 500

3 Sayer	3 48 000	3 85 000
	1 7 88 00	1 8 8 000

(3) *II Schooling Fees* —Owing to the transfer of certain Anglo-Vernacular Schools to this Budget more fees are expected during 1895-96 than in the previous years The proposed estimate is therefore approved

(4) *III Examination Fees*—The Inspector General reports that under this head Rs 6,241 have been already realized and remitted to the Treasury, and that the current year's estimate may be put down at Rs 6,500 The forecast is accepted

(5) *IV Interest on Investment*—The actual amount of interest realized in 1894 95 is given as Rs 12 721 but it is not explained why the estimate for 1895 96 is so low as Rs 7,000 Pending information on this point the estimate will not be disturbed

(6) *V Contribution*—The estimate under this head, which is approved, does not include Rs 90 on account of schools at Alur to be transferred to the State Funds Budget under Government Proceedings, dated 19th November 1894 No C 113 but includes Rs 1 266 on account of the marginally noted items

8 *I Instruction* —The provision made in the Budget on account of—

1 Anglo-Vernacular Middle Schools
2 Taluk Board Schools
3. Hobli Schools

will be passed subject to the submission in the accompanying form of a statement showing the establishments and salary of establishments maintained in each school

9 The provision made for two Anglo-Vernacular Schools proposed to be opened in Nyamti and Sirsi at a cost of Rs 480 will be retained But no contribution can be expected from Municipal Funds towards their cost (*vide* Proceedings No 20267 9—L. I 2-2 93 dated 28th May 1894)

10 The Inspector General proposes to open new Vernacular schools at an aggregate cost of Rs 7 212 The provision made for the same will be passed subject to a detailed report being submitted for sanction

11 *II Grants-in-aid* —The provision under this head Rs 2 400 on account of Village Indigenous schools is stated to have remained unutilized during 1894-95 and the same is repeated in the present Budget, while, according to the detailed estimate furnished the cost of the schools is given as Rs 2 977 8 0 It is not explained how much of this is on account of Indigenous schools and how much for Night schools Pending explanation the estimate will be retained

12 *III Special Instruction* —The Inspector General requests a supplemental grant of * Rs 9 300 for opening three District Normal schools at Kolar Tumkur and Shimoga This provision as well as increases &c (Rs 1 764) proposed for the existing Normal school at Mysore will be retained in the Budget but the amounts should not be utilized till separate orders are passed by Government on the Inspector General's Memo on the subject

R	
3 900	on account of establishments
5 400	ditto stipends
9 300	

13 *II General* —The decrease under this head is due to no provision having been made in the present Budget for the special grant of Rs 13 000 sanctioned in 1894-95 on account of buildings The Budget provides for Rs 5 000 for buildings in the current year while according to the detailed list of works submitted by the Inspector General the total amount required is given as †Rs 17 096 As more than six months of the year to which the Budget relates have already expired the Government consider that an estimate of Rs 4 000 for new works and Rs 1 670 for minor works in addition to Rs 7 330 required for incomplete works and works sanctioned already in 1895-96 would be ample The estimate will accordingly be entered at Rs 13,000
